

Dear Jackie and Andrew and your fabulous staff!  
...Especially DOUG + MIKE

After years of dreaming and imagining what a "perfect wedding" might be for our only daughter, Tracey and her beloved Nick, we just celebrated it! We applaud you all and appreciate your gracious and unwavering care to every detail of our whole celebration!

Our family and far-flung friends have showered us with such kudos and compliments... we have never had so much fun! You've had many families tell you how wonderful you are over many years... but we want to be sure you know just what you've meant to ours.

From the moment I first spoke to you both and throughout my darkest months of chemotherapy, I knew always that our paths had become joined fortuitously. Tracey was so relaxed and confident with all her choices and the most unstressed bride-to-be ever. Daily talks and huge doses of love and care allowed me to concentrate on healing... not obsessing and worrying about millions of "details"!

For that and so much more, thank you! You helped make it all possible. This "long-distance"

Wedding seemed so formidable... but your home truly became OUR HOME-away-from-home!

Our loved ones felt so welcome, especially the grandparents who shared treasured memories with each other and Tracey & Nick -

You anticipated our every need, far-exceeded all our expectations and made our dreams a loving reality! That's what makes life's cherished memories - and we will always remember our many new friends at the Lord Thompson Manor!

You pulled off the best weather of the summer!  
Very impressive! We're feeling the love!  
Gina and Dave Freitag
