

To All the Staff at the Lord Thompson Manor:

Where do we begin... Thank you for making our wedding a great success. It was a dream come true for us. Dennis and I found the Lord Thompson Manor by accident a few years back. We were on a day trip riding the roads of Connecticut and came upon your sign "Bed & Breakfast." We love inn! We drove down the long driveway and immediately said, "that's it! Someday, we would like to get married here." From that moment on we started to save for our BIG

DAY! The feeling we got after our initial visit is the same feeling carried throughout the ceremony and through the weekend - a feeling of "home." Your professionalism in handling everything from our constant phone calls to the h'doerue tasting, rehearsal dinner, up through the actual reception and your dealings with our relatives were outstanding. You took our fears away. Your staff were so pleasant and cooperative.

We'd like to extend a special thank you to Ted and the crew for adding all of their special touches - each being unique in its own way - Ted's singing (awesome voice), decorating the h'doerue tray with fresh flowers, gourmet breakfasts, popcorn on "Friday" and then finding our wedding song "At Last" and then finding it 15 minutes before our ceremony began and a whole lot more. Our wedding day was superb! Comments from our guests include "Top Notch", "The Best Wedding I've ever been too", "Superb" etc.... We are looking forward to seeing you soon and sharing our pictures with you. Speaking of few pictures, here's a few for you to enjoy! →
