Dear Andrew & Jackie,

I want to thank you and your staff for the beautiful and memorable reception that you arranged for Lauren & Jason. I cannot think of a single detail that could have been better. Guests are still talking, or rather raving, about the event. I have been told numerous times that it was the best wedding reception that they had ever attended.

I personally have fond memories of the reception. The site was elegant, exquisite and quite frankly, magical. The food was delicious and plentiful. The flower arrangements were unbelievably beautiful as were the table settings. And Lauren & Jason were simply beaming every time I looked at them.

I think that all of us felt very comfortable at Lord Thompson Manor and knew that we were being supported by friends. All requests from a peanut butter sandwich to safety pins to unexpected guests at breakfast were handled cheerful and promptly. Gabby was wonderful dealing with the guests at the cottage; they felt as if they were arriving at a friend's home for the weekend. Ted did a wonderful job of attending to all the little details, calming nerves, and kindly sending the last guests home just before 2 am only to be back again the next morning.

Jackie & Andrew, a huge thank you for the care and personal touches you provided. You were able to bring to life Lauren & Jason's vision of their ideal wedding reception. You are both exceptional at what you do.

Warmest regards,

Victoria
